Dr. Shane H. Silver

Better Days Through Better Health

AT SILVER CHIROPRACTIC & WELLNESS, “better days keep getting even better.” Dr. Shane Silver is in his 13th year of practice in Florida and is in his sixth year of practice in Riverside, in his hometown of Jacksonville. He is proud to announce the relocation of his office to **1050 Riverside Avenue, Suite B**. The office is larger, has dedicated parking and is aesthetically designed to maintain the same cozy, comfortable, peaceful and healing environment that his patients have grown accustomed to at the previous location. “Although there will be a transition for myself and our staff, I wanted there to be as little transition or change as possible for our patients,” says Dr. Silver. For about two years a “saying” has been floating around our office. “Bless this place, but we’ve outgrown this space.” It took awhile to find a new location with the potential to measure up to the detail and design that helped to make our office unique. There is a sense of a new energy in our new location, which is due in part to the addition of Honeysett Acupuncture and Haley Honeysett, AP. She will be providing acupuncture services at our location. The new space will allow us to grow and serve more of the community that has continued to serve us. We will continue to serve our health partnership with the city, local medical doctors and surgeons based on the importance of chiropractic care and spinal maintenance education.

Dr. Silver offers massage with Meghann McCormick, LMT; acupuncture with Haley Honeysett, AP; and physiotherapy rehabilitation in addition to chiropractic care. Silver Chiropractic & Wellness accepts most insurance plans and is an “in-network” provider for **BCBS, Aetna (Beech Street), Humana and Cigna**. In an effort to serve uninsured patients, Dr. Silver offers affordable cash and wellness plans. Silver Chiropractic & Wellness says, “Thanks for a great five years” and invites you to “better days through better health” at **1050 Riverside Avenue, Suite B**. Call us at **(904) 634-0805**.
