Dr. Shane H. Silver

Silver Chiropractic & Wellness

1050 Riverside Ave., Ste. B
Jacksonville, FL 32204
(904) 634-0805

Dr. **Shane Silver** specializes in chiropractic medicine and received his doctorate from Life University in Marietta, Georgia, and his bachelor of science in education at Valdosta State University in Valdosta, Georgia. Dr. Silver offers massage, acupuncture and physiotherapy rehabilitation in addition to chiropractic care at **Silver Chiropractic & Wellness**, which recently relocated to 1050 Riverside Ave., Suite B, a larger office that has dedicated parking. Silver Chiropractic & Wellness accepts most insurance plans and is an “in-network” provider for **BCBS, Humana, Aetna (Beech Street)** and **Cigna**. In an effort to better serve un-insured patients, Dr. Silver has put together affordable cash and wellness plans.

Dr. Silver is in his 13th year of practice in Florida and his sixth in his hometown of Jacksonville. His office has built a health partnership with the community of Jacksonville, local medical doctors and surgeons based on the importance of chiropractic care and spinal maintenance education. Dr. Silver knows that chiropractic care often makes the difference in a person’s ability to live a healthy, active and pain-free lifestyle.

In his sixth year of service to the community that has given him so much, Dr. Silver says, “Thanks,” and invites you to “better days, through better health” at Silver Chiropractic & Wellness.
